

That arrant scoundrel and red-handed murderer, Craig Tolliver, of Rowan county, has at last met his deserts and has died with his boots on. It is well known that he has been defying the law and using his office of Police Judge of Morehead as a means of carrying out his schemes of rapine and murder.

The sheriff of Rowan county, under authority of a warrant for Tolliver's arrest for murdering the two young Logan's (which murder was recently committed), formed a posse of some 200 of the best and bravest men of the county, armed with Winchester rifles, surrounded the town of Morehead, on Wednesday morning last, and demanded that Tolliver and his party surrender to the law. Tolliver defiantly refused, fired on the posse and retreated into the Central Hotel, which he had barricaded for the purpose. The battle was kept up until Tolliver found his quarters getting too hot for him, and endeavored to escape across the street into the brush, but was shot down, together with his two cousins and another of his followers, being literally riddled with balls. One of the sheriff's posse was wounded, as was another of the Tollivers, who, with a companion, managed to elude the posse up to the time of our going to press, although it was thought they would surely be captured.

The posse expressed themselves determined to capture or kill every member of the gang. Thus has been at last accomplished, what should have been done long ago, the destruction of this infamous crowd. The good people of Rowan county, and thank God there are some good people there, can now attend to their business and live in peace.

A general expression of relief and thankfulness has gone up from all over the State, that this disgrace to the fair name of Kentucky has been wiped out, even if it has to be wiped out in blood.

Several gentlemen from Findlay, Ohio, have been in this city for several days, securing options on oil lands, and have made a purchase of the Gregory lead mine near Peak's Mill. They were attracted here by the rumor of lead and oil prospects, and express themselves as not being afraid to risk their money in an enterprise for the development of the lands they saw. This begins to look like people from other States are coming here to develop that which we should long ago have discovered and utilized. We are glad these gentlemen have visited us, and trust they will make their investments pay big returns.

The most beautiful and artistic piece of hand painting on china that we have ever seen is on exhibition in the show window of Messrs. Day & Haff. It is the handiwork of Mrs. Charles Haff, and does great credit to that fair lady. It is a combined dinner and tea set. The decorations are so natural and life-like that you feel, when looking at it, that you would like to take up the flowers and inhale their fragrance as well as feast the eye upon their beauty.

We would call attention to the advertisement of Mr. Lister Witherspoon offering a reward for a stolen horse.

W. B. Luckett proposes to run his omnibus as a street car from some point on the North Side to the extreme end of South Frankfort in the middle of the day and in the evening, to accommodate persons living on the South Side, going to and from their meals. This is a good idea, and it is to be hoped that he will receive sufficient encouragement to keep it up, as it will be a great convenience in very warm and wet weather.

The Jennie Holman Combination opened a week's engagement at the opera house Monday night, with a rendition of the great emotional drama "Divorce," with Miss Holman in the leading role, which she sustained in a manner which showed her to be a superb actress. Miss Jennie Burleigh's rendition of Blanche Sterling could not be better, her voice, figure and manner being well adapted to her difficult part. Miss Burleigh is a fine actress and a worthy support to her leading lady, Miss Holman. Mr. Ed. Bourne, as Uncle Burdett, was perfect, while Mr. Otto H. Krause as M. T. Muggs was inimitable, his ludicrous make-up, and his humorous colloquy with Miss Lola Bartelle as Sallie Ann Waddle bringing down the house. —Bowling Green Democrat.

The above named company opens an engagement of one week at our Opera House, on Monday next, and the prices which they propose to charge are so low that every one can afford to go. Their rates are 10, 20 and 30 cents. We trust that they may have crowded and appreciative audiences.

According to announcement, the remains of the immortal sculptor, Joel T. Hart, were interred in the cemetery in our city, on Saturday last.

The exercises were opened with prayer by Rev. G. F. Bagby, of this city.

Mr. Robert Burns Wilson, the poet-laureate of our city, delivered an oration and a poem which were beautiful and appropriate.

On account of the illness of the authoress, Gen. P. W. Hardin read two beautiful poems, written by Mrs. Rosa Vertner Jeffrey, of Lexington.

Judge W. N. Beckner, of Winchester, delivered a lengthy, elaborate and eloquent address.

The vocal music was furnished by a choir of select voices under the leadership of Prof. Wayland Graham.

The instrumental music was rendered by the Maysville Cornet Band.

The benediction was pronounced by Prof. J. Desha Pickett; and thus the remains of this immortal artist were consigned to the dust of the State and country he loved so well.

Trouble Ahead. When the appetite fails, and sleep grows restless and unrefreshing, there is trouble ahead. The digestive organs, when healthy, crave food; the nervous system, when vigorous and tranquil, gives its possessor no uneasiness at night. A tonic, to be effective, should not be a mere appetizer, nor are the nerves to be strengthened and soothed by the unaided action of a sedative or narcotic. What is required is a medicine which invigorates the stomach, and promotes assimilation of food by the system, by which means the nervous system, as well as other parts of the physical organism, are strengthened. These are the effects of Hostetter's Stomach Bitters, a medicine whose reputation is founded firmly in public confidence, and which physicians commend for its tonic, ant-bilious and other properties. It is used with the best results in fever and ague, rheumatism, kidney and uterine weakness, and other maladies.

Couldn't Hear It Thunder.

An interesting letter from Mr. John W. Weeks, superintendent of DeKalb Pauper Home:

From a feeling of gratitude and a desire to benefit others, I voluntarily make this statement. I have great reason to be thankful that I ever heard of B. B. B., as I know what a blessing it has been to me. I have suffered with Bronchial Catarrh for a number of years. Six months ago I was taken with severe pain in right ear, which in a few days began to discharge matter, with terrible and almost unbearable palpitation and all sorts of noises in my head. In ten days after the commencement of discharge and pain in my ear I began to grow deaf and in six weeks I was so deaf that I could not hear thunder.

I was then compelled to use conversation tube, and it was often that I could not hear with the tube. I then commenced taking B. B. B. and the running of my ear ceased in five weeks, and can now hear without the tube. My general health has improved, palpitation ceased, and feel like a new being, and appreciate the benefit I have received from B. B. B. (made in Atlanta, Ga.) with gratitude to God and thankfulness to the Proprietors for such a medicine. I cheerfully recommend it to all who are afflicted with deafness and catarrh. Try it; persevere in its use and you will be convinced of its value.

JOHN W. WEEKS, Superintendent DeKalb Pauper House, Decatur, Ga., May 1, 1886.

Bright's Disease.

I have been a sufferer from Kidney and Bladder troubles for several years. I have lately had what is termed Bright's Disease, and have had considerable swelling of my legs and shortness of breath. The urea has poisoned my blood also. I secured and am using (B. B. B.) Botanic Blood Balm, and find it acts powerfully and very quickly, and I am delighted with its effects. I had previously used a large quantity of various advertised remedies, and several eminent physicians also waited on me, but B. B. B. stands at the top.

Railroad Election Notice.

FRANKLIN COUNTY COURT, SATURDAY, May 28th, 1887. On motion of Mr. William Lindsay, the following order was adopted, viz:

It is ordered that an election be held in his county at the several voting places of the precincts of the county on WEDNESDAY, the 6TH DAY OF JULY, 1887, at which the qualified voters of this county shall be allowed to vote upon the question, whether this court shall subscribe to the capital stock of the Paris, Georgetown & Frankfort Railroad Company, for and in behalf of his county, the amount of stock specified in the request of said company filed in this court, upon the terms and conditions specified in said request, which said request is in the words and figures as follows, viz:

To the Honorable County Court of Franklin County:

"The undersigned, a corporation created and duly and properly organized under the laws of the Commonwealth of Kentucky, respectfully request that, as provided for by law, the honorable court shall submit to the qualified voters of Franklin county, at an election to be held on a day to be fixed by the court, not less than thirty nor more than sixty days after the order therefor is made by the court, the question whether the court shall subscribe to the capital stock of the Paris, Georgetown & Frankfort Railroad Company, for and on behalf of Franklin county, the amount of one hundred and fifty thousand dollars (\$150,000) of stock, upon the following terms and conditions, to-wit:

"1. The sum to be subscribed to be paid in the bonds of Franklin county with coupons attached, under the seal of the county, signed by the County Judge and countersigned by the County Clerk, and the coupons to be signed by the County Clerk alone, negotiable and payable to bearer in the city of New York, thirty years from their date, but redeemable at par and accrued interest at any time after ten years from their date, at the option of the county, bearing interest at the rate of five per cent. per annum, payable semi-annually in the city of New York. Said bonds to be in denominations of not less than \$100, nor more than \$1,000; but none of said bonds are to be issued in payment of said subscription except as follows: When said road is constructed, completed and ironed, and a train of cars run over the same from the city of Frankfort, Ky., to the Cincinnati Southern Railway, at or near Georgetown Ky., the first (\$100,000) one hundred thousand dollars of said bonds shall be issued and delivered to the undersigned, or to its order; and when said road is constructed, completed and ironed, and a train of cars run over the same from

Frankfort, Ky., to Paris, Ky., the remaining (\$50,000) fifty thousand dollars of said bonds shall be issued and delivered to the undersigned, or to its order. And for the amount of all such bonds so issued and delivered to the undersigned in payment of said subscription, the undersigned shall issue and deliver, as provided for in its act of incorporation, approved March 23d, 1877, the same amount in certificates of full paid stocks in the undersigned.

"2. That no part or portion of the said bonds, or of their proceeds, so to be issued and delivered in payment of said subscription shall at any time be used in payment, directly or indirectly, in whole or in part, of any indebtedness of the undersigned that may now exist.

"3. That the undersigned will, after its first cash dividend shall be declared, on presentation at its office of the stock certificates issued under the provisions of the 25th section of its charter issue stock therefor to those to whom such certificates were issued, or their representatives, or assigns.

"4. That in the event this proposition is submitted to the vote of the county and carried, and the said subscription made in conformity thereto, the undersigned binds itself to commence the construction of said road in good faith, and to complete the same from Frankfort to a point on the Cincinnati Southern Railway at or near Georgetown, Ky., within two years from the date of said subscription, and to Paris, Ky., within thirty months from said date.

"5. That none of the bonds herein before mentioned shall be issued and delivered as aforesaid until the mortgage executed by the undersigned to the Central Trust Company of New York, dated January 1st, 1883, be cancelled and released, and said release recorded in the County Court Clerk's office of this county.

"6. The line of the said railroad shall be located as near to the Forks of Elkhorn as in the judgment of the chief engineer of the undersigned shall be reasonably practicable, having due regard to the cheapness of construction and directness of route. This, the 28th day of May, 1887.

The Paris, Georgetown & Frankfort Railroad Company, by
